

Fostering curiosity, discovery, innovation, and problem-solving skills

Each year, The Ohio Academy of Science, along with its members and volunteers, promote science and science education in Ohio. Below are some highlights of the Academy's activities and accomplishments over the past year, and a look toward 2023.

The 130th Annual Meeting will be held at Edison State Community College on Saturday, April 15, 2023. This gathering is regarded as the common meeting ground of the scientific activities of the State of Ohio. Attendees will enjoy poster presentations, podium discussions, a keynote address and multiple breakout sessions.

The Ohio Journal of Science

To date, a total of 5 manuscripts have been published in ***The Ohio Journal of Science Vol. 122 No. 2***. They are now available online: <https://ohiojournalofscience.org/index>

The *OJS* is an international multi-disciplinary, scientific journal. The *OJS* encourages submission of manuscripts relevant to Ohio, but readily considers all submissions that advance the mission of The Ohio Academy of Science to foster curiosity, discovery, and innovation to benefit society. For more information, please contact Dr. Lynn E. Elfner, Editor ojs@ohiosci.org. Dr. Barry Allred will become the *OJS* Editor on January 1, 2023.

Ohio Environmental Science & Environmental Engineering Scholarship

- This program is funded by The Ohio EPA's Environmental Education Fund.
- Nine students were awarded \$5,000 scholarships in 2022.
- Since 2000, \$1,009,950 has been awarded to 398 students from 52 different Ohio colleges and universities.
- The 2023 scholarship applications will open in January 2023 with a deadline of April 15, 2023. For more information, please visit <https://www.ohiosci.org/ohio-epa-scholarship-program/>

State Science Day 2022

More than 600 students advanced to the **74th Annual State Science Day**. These students competed for roughly 300 sponsored awards and scholarships value at nearly \$400,000. **AEP-**

Foundation, Battelle, Broadcom Foundation, CAS, Charles River, Kent State University, Kokosing, The Ohio Environmental Education Fund, and The Ohio Tuition Trust Authority College Advantage 529 Plan provided title sponsorship for State Science Day.

More than 1,000 professionals volunteered to judge projects. **Thank you for making this possible!**

For more information, including timelines and other details, please visit <https://ssd.ohiosci.org/state-science-days/>

Believe in Ohio

Funded by the State of Ohio through the Department of Higher Education and operated as a program of The Ohio Academy of Science, Believe in Ohio is a STEM and entrepreneurship program that teaches students how to commercialize products and services and create business plans that are driven by innovation.

In 2022, the Believe in Ohio program awarded more than \$468,000 in scholarships. This year's projects were amazing and also very inspiring. The Believe in Ohio program provides students with a vision of what's possible as it broadens and builds critical skills needed to compete in today's economy.

THOMAS EDISON AWARDS

SPONSORED BY: **Ohio** | Development Services Agency

The Governor's Thomas Edison Awards for Excellence in STEM Education and Student Research

First established in 1985, the Governor's Thomas Edison Awards recognizes Ohio schools and teachers who stimulate scientific student research and technological design and extend opportunities beyond traditional classroom activities.

This year, The Ohio Academy of Science was proud to recognize 45 schools and 544 teachers with this distinguished award. For more information, please refer to the [press release](#).
