

HOW TO PREPARE YOUR HEADING FOR AN ABSTRACT OR RESEARCH IN PROGRESS

Your abstract or research in progress heading should be formatted using these guidelines; use 12 point Times New Roman or Century Schoolbook:

TYPE YOUR TITLE IN ALL CAPITAL LETTERS. Put a period “.” after the title. Leave a space then type your first, middle initial, last name, email and any other authors full name with emails. **Do not type your last name in all capital letters.** Put a comma “,” after your name and any other authors. Follow all author names by YOUR complete mailing address. Only the first author/presenter should have a complete mailing address. Your mailing address should have a comma “,” after each part of the address. Do not put comma “,” after the city and please use a two-letter state abbreviation (e.g. OH). **For summaries** include your advisor’s name in parentheses.

Skip one line and then type your abstract or summary.
