The Ohio Academy of Science

2024 Annual Meeting - Call For Abstracts

Each year, the Academy brings together Ohio's scientists, engineers, STEM professionals, educators, and undergraduate/graduate students to discuss recent developments in science and technology. The Annual Meeting highlights these advancements and accomplishments through scientific sessions, renowned speakers, and valuable networking opportunities.

The Ohio Academy of Science's Annual Meeting is for academic, governmental, and industrial scientists and engineers, university and pre-college educators, and undergraduate, and graduate students, and interested lay citizens in the Ohio region and beyond. Whatever your scientific interests, we invite you to participate in the Annual Meeting of The Ohio Academy of Science!

Presenters can communicate their research in either a 10-minute podium session or through a 48" x 36" poster presentation.

Submit an abstract here: <https://projectboard.world/oas-annual-meeting/registration>

Abstracts will be accepted until February 26, 2024.

**The 2024 Annual Meeting will be on
April 6, 2024 at Kent State University**
More information can be found at

2024 Annual Meeting - **Abstract Submission Instructions**

Whether you are submitting an abstract for a poster presentation or a podium presentation, you will need to follow these few simple steps:

1. Begin the registration process at: <https://projectboard.world/oas-annual-meeting/registration>
2. Once you are at the 2024 Annual Meeting site, click the "Get Started" button.
3. Answer ALL of the registration questions.
4. After you are registered, it's time to submit your abstract. Once you are registered, you will always be able to access your project under the "My Projects" tab. Or click on your icon in the upper right corner, and scroll down to my projects.
5. Read the introduction message under "Description."
6. Scroll down and click the "Getting Started" box.
7. Click on and watch the brief video.
8. Click the "Abstract" box. Read the directions.
9. If uploading as a file, please click one of the small boxes with a + sign on it.
10. Then click the "File" icon. Choose your file. Click "Attach".
11. Scroll down and click "Save". Then click the big X to move away from that section.
12. Your abstract has now been submitted for review! Additional instructions will follow after your abstract is reviewed and accepted.
