

Ohio Young Inventor Fellowship

DISCOVER THE WORLD OF INVENTION & INTELLECTUAL PROPERTY

Learn to protect your ideas and turn creativity into innovation

➤➤ *From Idea to Invention*

- Move your idea toward a commercializable concept
- Use the framework working inventors use
- Get hands-on experience with IP and prior art
- Build real deliverables across three weeks
- Take the next step: from research to market

➤➤ *What to Expect*

- Week 1: Define and validate your idea
- Week 2: Develop, test, and refine
- Week 3: Communicate and launch your invention
- Mentorship sessions with working professionals
- Live showcase and networking event

➤➤ *Why to Participate*

- Join a selective cohort of Ohio's young inventors
- Receive mentorship from professionals in the field
- Deliver a real pitch in front of a live audience
- Build skills and a portfolio for the future
- Take your idea to the next level
